A versatile and practical solution, Roller blinds are great for rooms that get a lot of wear and tear like living rooms, kitchens and children's bedrooms. With a wide range of performance features from blackout to fire retardant or moisture resistant, we've got the right solution for your windows.

PORTO ANTIQUE

POLARIS CORAL

Motorised blinds are the latest innovation in the world of window dressings. Powered by Somfy's market leading technology all our Roller blinds can be motorised making them inherently child safe and super convenient - controlled with just the touch of a button.

BLOC®

An effective solution for your roof windows, Bloc® frames can be fixed into almost all major skylight windows including Velux and Fakro, helping reduce heat loss, light seepage and increase privacy.

HORIZON FOSSIL GREY

MOTORISED BLINDS

Effortlessly control your blinds with a touch of a button, available on our Roller, Sheer, Pleated and Roman blinds ranges, and with selected Faux Wood blinds. Or take it one step further, and pair your motorised blind with a Somfy Smart hub, unlocking the ability of voice command and app control – the ultimate way to control your blinds.

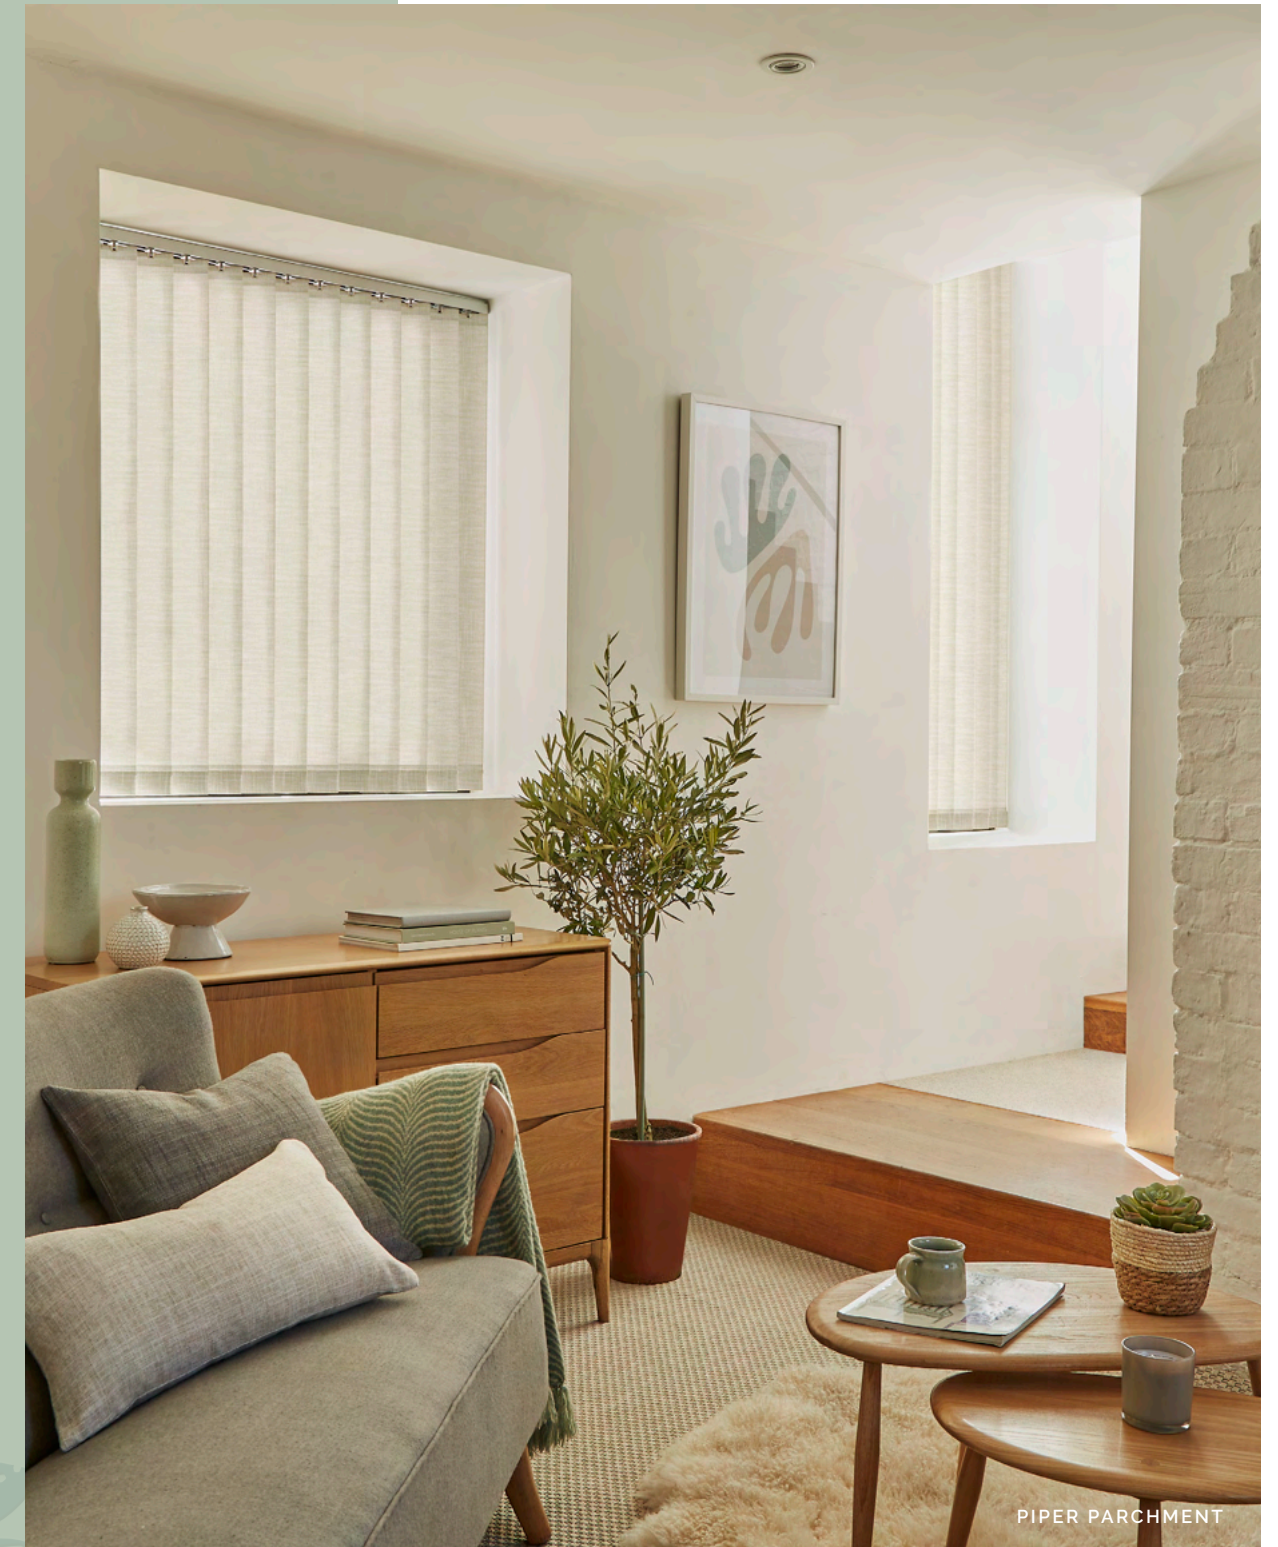

MAVERICK AZURE

Vertical blinds are the perfect solution for lots of different window types, whether it's large glass expanses, bi-fold doors or sloped windows, this versatile hard-wearing blind is a great choice.

POLARIS RUST

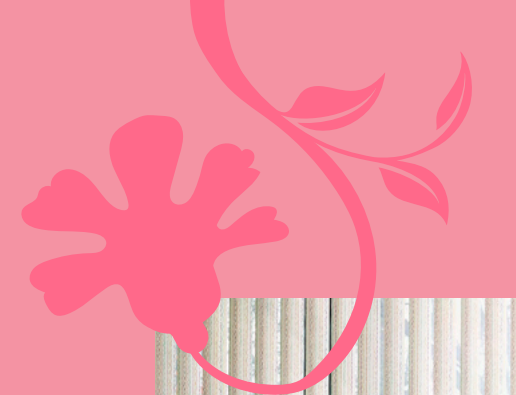

PIPER PARCHMENT

Our wide range of fabrics means there's also something to suit everyone, including choosing a specialist coating like ASC – a solar reflective coating that helps keep rooms cool in summer.

TREE OF LIFE CURTAINS, MOLLY ROLLERS

BOUNCE PUTTY

UNEARTH THE SECRETS OF THIS BEAUTIFUL CAPSULE COLLECTION

Inspired by nature, this collection of Roller and Vertical as well as our Roman blinds and Curtains includes soft florals, bold graphical prints and unpredictable patterns, but there's a surprising secret... the colours add an instant WOW factor.

Celebrating maximalism and including key colour trends and themes you'll see everywhere from home décor to fashion, this fun and playful collection is a talking point in any room. Our softs range pairs beautifully with our capsule collection, creating a cohesive and stylish look.

BOUNCE PINK

CURTAINS & ROMANS

Curtains are a great way to layer other window dressings such as Verticals, Rollers and Venetians to lock in the warmth and create extra privacy.

JENNIFER RUST

Roman blinds are lined as standard, for a high-quality finish, with specialist linings available to help retain warmth and block out light.

All our Roman blinds are also available in curtains and cushions for a co-ordinated finish. Romans are now available motorised —a new feature in our collection.

ROSALEE MERLOT

SHEERS

Sheer blinds help to filter the light whilst also maintaining privacy. Choose from our Day and Night, Triple Shade or Diffused blinds to help dress your windows.

DAYSPRING BEIGE DAY AND NIGHT

SHEERS

SPLENDOUR FR LIGHT GREY DIFFUSED

Diffused sheer blinds are perfect for bi-fold doors, each panel is free hanging so that you can walk through the blind at point without the restriction of chains or cords.

BEACON IVORY TRIPLE SHADE

NO-DRILL SOLUTIONS

Discover our range of no-drill solutions, available on Roller blinds, Metal Venetians, Pleated blinds and our Shutter Lite range. Inherently child-safe, no-drill solutions are a fuss-free solution for any window.

16 ATHENA CORAL PERFECTFIT™ BLIND

PerfectFit™ blinds and shutters clip neatly between the beading and glass of a uPVC window or door for a sleek and discreet finish.

PERFECTFIT™ SHUTTER LITE

LIBERTY OCEAN
GRIP FIT™

Grip Fit™ is a unique no-drill Roller that fits into the recess of a window by simply clipping in against the walls.

VENETIAN BLINDS

Choose from our collection of Bamboo Venetian blinds for a more sustainable choice.

This is FSC® 100% certified, by choosing this product, you are helping take care of the world's forests, the people and wildlife that call them home.

BAMBOO BEIGE WOOD VENETIAN

MID GREY METAL VENETIAN

Choose from Wood, Faux Wood or Metal Venetians to dress your windows. Each finish is incredibly hard-wearing and helps offer privacy whilst filtering the light with the tilt and turn slats.

We recommend Faux Wood or Metal Venetians for rooms with high-levels of moisture like kitchens or bathrooms.

Metal Venetians are also available in a PerfectFit™ frame that fits into uPVC windows – a streamlined finish at your window with no drilling required.

SHERWOOD MAPLE GLOW VENETIAN

PLEATED BLINDS

Pleated blinds are crafted from a single piece of fabric, folded into crisp, concertina-like pleats. This design offers a sleek, compact structure with a very small stack size, making them ideal for a variety of window shapes.

Lightweight and flexible, they provide effective shading with a broad selection of fabrics and colours, suitable for everyday light control across most window types. They also have solar reflective properties, helping to reduce heat and glare, ensuring comfort and style in any room.

SOLSTICE PEARL

CLARICE FERN

intu®
MICRO

INTU® Micro Pleated blinds are a stylish and practical solution for modern windows and doors, especially where a neat and streamlined finish is required. Designed to fit seamlessly into the window or door profile without the need for drilling or screws, INTU® Micro Pleated blinds are ideal for tilt-and-turn windows, glazed doors and conservatories.

HIVE BLINDS

Hive blinds use clever honeycomb cells to create an insulating barrier at your windows, preventing col air from entering and warm air from escaping. Our range includes a wide range of fabrics, from sheer styles to diffuse the sunlight perfectly, to blackout options for a better nights sleep. With both manual and electric options available, Hive blinds are perfect for any room, including conservatories and large glass expanses.

NEW

BLACKOUT TAUPE

intu[®]
MICRO

Designed to fit seamlessly into windows or door profiles without the need for drilling or screwing, INTU[®] Micro Hive blinds are an innovative solution for homes. The honeycomb structure also helps to trap heat, keeping rooms cooler in the summer and warmer in the winter.

INTU[®] MICRO HIVE WHITE

DUETTE® BLINDS

Reduce heat loss at your windows by up to 55% with our latest collection of Duette® blinds. Featuring advanced honeycomb construction, Duette® blinds are our most effective made-to-measure solution for thermal performance, helping to improve insulation, block excess heat, and reflect solar energy—supporting greater energy efficiency in the home.

Available in a wide range of fabrics, finishes, and textures, Duette® blinds suit virtually any window style. Choose sheer fabrics to softly diffuse natural light or Dim Out options to create darker, more restful environments, ideal for bedrooms, living spaces, and glazed extensions.

TRANSFORM YOUR HOME WITH BLIND SCREEN®

THE ULTIMATE ALL IN ONE WINDOW AND DOOR BLIND

Discover Blind Screen®, the innovative all-in-one framed solution for windows and doors. Blind Screen® combines blackout, thermal comfort, insect protection, and flexible light and privacy control within a slim frame. One product. Every season covered.

FINISHING TOUCHES

Making sure your window dressings sit perfectly at the window is all thanks to finding the right header systems.

From Roller blinds where you can co-ordinate the bottom and top componentry, to curtains with a choice of single, double, track or pole to fit it any space. There's a header solution for every product, every home and every window.

WHISPER SCREEN 3% BLACK

FELICITY GREENERY

PINTO NAVY, OLIVE, RUST AND MUSTARD CUSHIONS

From functionality to adding the finishing touches, accessories help make your window dressings truly unique and special.

Any Roman or curtain fabric can also be turned into a cushion to really finish off your room transformation.

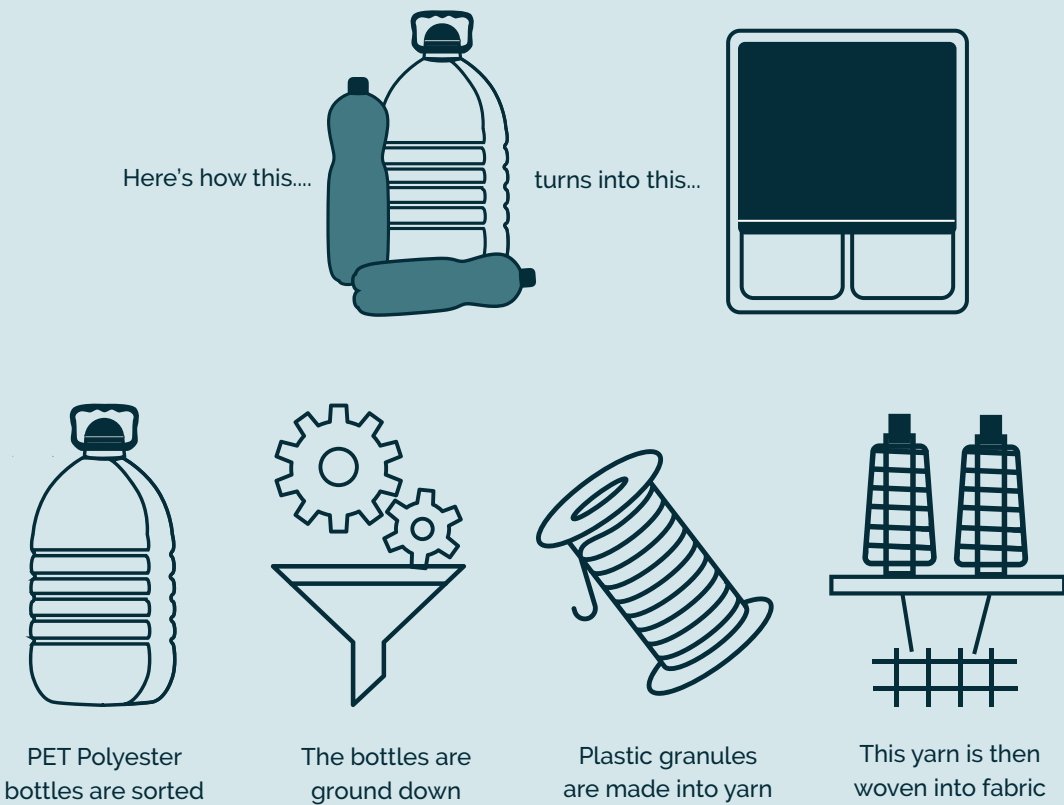

MAVERICK MUSHROOM

You can customise everything from the hems, pull and braids of your Roller blind, and the chains, weights, wands on a Vertical blind.

Ask in store today for more details on the header and accessory options for all our products.

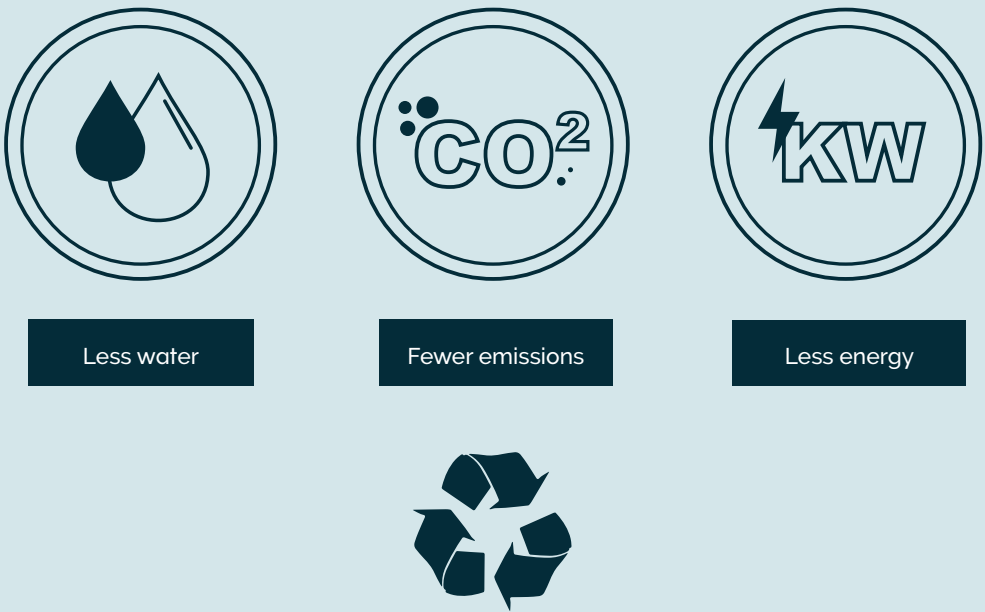

RECYCLED FABRICS

Whether you're looking for a plain, print, or jacquard option, you'll find that over 60% of our Roller and Vertical fabrics are made from at least 60% recycled polyester yarn. Additionally, 30% of our new Roman and curtain fabrics are crafted from recycled polyester yarns, so you can get the look you want with a more sustainable fabric choice.

Why choose recycled fabrics?

Production processes use less water, chemicals and energy than virgin polyester. Recycled polyester production therefore generates less CO2 emissions than virgin polyester.

Look out for the 'recycled' logo across our fabrics, all of these fabrics are composed of recycled polyester yarn.
